

## Subtlety Competition

As an accompaniment to the Evening List Field Potluck Feast  
And as a celebration of the occasion of the Seventh Birthday of her ward  
Her Excellence Elfsea is seeking entrants for a Subtlety Competition.

The Theme of the Competition is  
A Birthday Cake decorated with  
"Favorite Things"

The favorites are those identified by HE Druinne's ward

Oivienne

Which follow:

Princesses dancing and scales on dragons  
Bright sugar castles and marzipan kittens  
Brave knights jousting on horses with wings  
These are a few of my favorite things

Pink colored ponies and undersea merfolk  
Flowers and Pixies and all of the fair folk  
Licorns that fly with the moon on their wings  
These are a few of my favorite things

Cakes in white sugar with blue icing touches  
Chocolate or vanilla with no fruity fillings  
Sweet and filling for friends by the dozen  
These are a few of my favorite things

In short, a cake decorated to please  
a young lady turning seven the day of the event  
- Small cakes (say the size of one box of cake mix  
- round or square) are sufficient.  
Oivienne's favorite will receive a prize basket  
full of items chosen to delight a baker.
